

# **Recycling and Renewable Energy Committee**

## **Minutes from 7 March, 2013 at 11am Caucus Hall, Provincetown Town Hall**

**Attending: Laura Ludwig, Elise Cozzi and Lydia Hamnquist**

Meeting was called to order at 1pm and Elise reminded us that we need to submit an agenda for March 11 meeting with the Board of Selectmen. We decided an agenda and Elise brought it to the clerk's office. We discussed the David Quinn presentation and at 1:30 Laura Kelley joined us. She is a representative of Veridian Energy and wanted to explain the way the company can assure that your electricity comes from wind and solar power as opposed to a mix including non-renewable sources. We asked her to get us information about other companies that provide the same service. She said that Veridian has plans for events on Earth Day, 3/23. She left at 1:30.

We discussed the year-rounders festival and Elise and Laura said they would man the table. Elise motioned to approve last minutes, Laura seconded and vote was unanimous. Lydia motioned to adjourn, Elise seconded and vote was unanimous.
