

Recycling and Renewable Energy Committee
Minutes from 22 April, 2013 at 3pm
Caucus Hall, Provincetown Town Hall

Attending: Carla Anderson, Elise Cozzi, Laura Ludwig, Lydia Hamnquist, David Gardner

Meeting was called to order at 3pm and Carla motioned to approve minutes from 17 April, Lydia seconded and motion passed.

Carla showed us her rough draft of our presentation to the BOS. The estimated increase from SEMASS will be 30 to 40%. We have several options to meet the increase such as:

1. Increase fees to commercial haulers
2. Decrease hauling costs by buying our own truck
3. Increase recycling volume

Several options were discussed, Laura will work with Carla over the next week and we will vote about the final presentation at the next meeting on 8 May.
