

Recycling and Renewable Energy Committee

Minutes from 14 August, 2013 at 1:00pm Caucus Hall Meeting Room

Attending: Lydia Hamnquist, Elise Cozzi and Jen Rumpza.
Laura Ludwig and Carla Anderson were excused.

Sticker designs for recycle bins were discussed and Elise had the idea to also put stickers on trash cans to remind people what not to throw in the trash - perhaps the same images as on the recycle bins only with lines through the pictures.

Water stations were a topic introduced last year by a company called true2o. Perhaps guest houses could have water bottles with their logo and provide refills.

Several trash and recycle bins have no tops and we need to ask the DPW if this can be fixed.

Education is going to be a large part of our work and getting information out to residents and shops is important - we decided to work on Guidelines for Reducing Disposable Items in Provincetown.

Next meeting will be in Caucus Hall on Tuesday, 3 September at 10am

Agenda will be:

- approval of minutes from 16 and 30 July
- plastic bag ban
- street light mapping
- trash/recycling bin inventory
- other business

Meeting adjourned at 2:30.
