**Old Business**

- Library Renovation: Jamia will become the DC Member liaison for issues pertaining to Library Renovation.
- Municipal Building's ADA Guideline Reassessment: Progress by Town to bring Municipal Buildings into conformity with ADA Guideline has been completed. DC members were disheartened with less than 30% of the tasks addressed while many of the changes are simple and inexpensive to correct. DC will report to Board of Selectmen with our findings.
- Dog Park: DC wants rail installed. Dog Park Chairperson will follow-thru when there are funds available. Can this be funded with a Grant? Michele will address this.
- Ferry Boat Platform: Municipal Dock has a "lip" that creates safety and accessibility issues. Michele and Wave address this with Dockmaster.
- Retail Store suggestions for Shop Owners relating to People with Disabilities: Wave will move this project forward since there has not been any activity on this project thus far. **DC votes 4:0** to create a Guide for Retail Stores and distribute before the Fourth of July Holiday Weekend.

**New Business**

- DC Member Commitment: A desire was expressed to have DC members on the Commission who are committed to actively assisting in the projects that we sign-on to facilitate and to assist in reaching the goals that we set each year, as a commission.
- **Next Mtg:** April 1, 2009 @ 11am. Location: Provincetown Public Library
