

Approved minutes Recycling & Renewable Energy Committee  
May 14, 2014 at 10am

Present: Lydia Hamnquist, Jen Rumpza, SusanAlice Musall, Elise Cozzi, Tracey Primavera, Eric Larson

Absent, excused: Laura Ludwig, Carla Anderson

Lydia called the meeting to order at 10am. Lydia motioned to approve minutes from May 30, Jen seconded and vote was unanimous. Lydia informed the committee that she had placed the new stickers on about half the recycle bins in town. Eric suggested we help coordinate the signs at the transfer station. Lydia will take some pictures and show them at the next meeting. Laura and Jen have been posting items on our Facebook page and we were told we cannot link to town site. Eric told us that if recyclables are put in the bin at the transfer station in regular trash bags that they will be thrown out as if they are trash. If recyclables must be put in plastic bags, only clear bags will be accepted. We will need a sign about this at the transfer station and should speak with the Stop and Shop to make sure they supply them. We need to coordinate more with the PHS. Next meeting will be May 28 at 10am.
