New Business:

A) None

Old Business:

- A) Methods to Track Skate Park Usage-
Brandon explains he took the commission's advice to find a way to count participants using a counter or automatic device. Brandon presents the options found: "People Counter" device for \$300 with weather resistant case; or for \$700 a weather resistant case with software that uses a USB to collect and analyze data. Bobby thinks the money is worth it to collect the data automatically since staff is busy with the Summer Program during July and August, the days most utilized at the Skate Park. Lori agrees with Bobby. Lori makes a motion for the Rec Department to purchase the People Counter device with the software. Kristin seconds. Motion approved. 5-0

Director's Report:

- A) Adult Sports-
Adult Coed Dodgeball went really well with 5 teams. We are hoping to transition from dodgeball to kickball but with the summer starting, we might have it to the fall. Bobby suggests maybe a Monday or Tuesday night since a lot of businesses are still closed on those days during the shoulder season.
- B) Youth Spring Sports-
Tball and Tennis starts in about two weeks. This will be the second season of Tennis and it looks like we will have a good number of participants. We have seen low numbers for baseball and softball in the last few years. Bobby suggests starting spring soccer for kids that don't play in the Oceana league. David suggests floor hockey.

Assistant Director's Report:

- A) Spring Celebration-
It was a great turn out at the Monument this year. Families started with the Bunny Breakfast at Sea Shore Point and then made their way over to the Monument for the Egg Hunt. The lawn around the Monument was divided into sections for different age groups. Each kid received a wrist band associated with their age group. This helped keep the little ones from getting knocked over by the older kids. Everyone received prizes, candy and a commemorative wooden egg.

David makes a motion to adjourn.

Lori seconds.

Meeting adjourned at 6:20 PM.
