

**Town of Provincetown
Recreation Commission Meeting
Veterans Memorial Community Center
Minutes of Monday October 7th, 2019**

Members Present: Robert Enos, Cathy Nagorski, and David Oliver, Brandon Quesnell

Members Absent: Tim Downey, Heather Rogers, Kristin Hatch

Also in attendance: Recreation Director, Brandon Motta

Call to order: 3:30 pm

Public Comment: A) Letter from Michele Pytko and Heather Manning, 385 Commercial Street, Provincetown MA was read.

Board Member Statements: Cathy: Update on PAAM event, damage on the field after the event concluded?
Wants update on stairs at 387 Commercial Street, it's been too long we should see quicker progress.

Robert: Wants better maintenance of Recreation Facilities, feels like these parks and grounds are falling by the wayside and are not being appropriately kept up. Need better management through schedules or maybe it's time to consider having Recreation Maintenance staff.

Brandon Q: Asks for details about winterizing 387 Commercial st Property. Asks about potential CPC application for the West End Playground, and should we be looking to resurface that park. Ask DPW when the next round of pavement plans are happening, maybe we could get a cheaper price on paving the courts if they are already in town.

New Business:

A) Motta Field Event- Discussion of Recreation Programs and events that would need alternate space to accommodate the potential Summer 202 event at Motta Field. Discussion about fees is tabled to the next Recreation Commission Meeting, so other Board Members can weigh in on the matter.

Old Business:

A) Public Hearing Preparation- Discussion on how to run the public hearing, David will open the meeting and address the meeting with an explanation that the public hearing is to hear the public's input on the proposed interim Rental Property of 387 Commercial Street. A Slide show will be presented with the application form, and Draft Policy. The slide show will also show pictures and a little background information on the Recreation Commission's involvement with the planning of this park. Brandon M will present the Slide show, and commission members will mix in with explanation of the policy. After the presentation the meeting will be opened up to Public comment, when all in the meeting can express their concern or questions to the board. The commission feels the board should not directly answer any questions, rather take in all the feedback into consideration, and discuss at a future meeting. After public comment has ended, board members can make comments or decide to answer questions presented in the public comment portion. All board members feel it is imperative to reiterate that this policy is for the interim use only, while the park is being designed.

387 Commercial Street Property Working Group Update: No update, Cathy did not attend the last meeting due to a conflict.

Other: None

Brandon Q makes a motion to adjourn.

Robert seconds.

Meeting adjourned at 4:50 PM.
