Licensing Board Statements

Noise By-law does not work. Why does the Police Department wait for a phoned complaint of noise to enforce the By-law when it's the law and doesn't need a complaint to react to a violation? People are tired of complaining all the time and do not want to make the phone calls, but feel they have to due to lack of enforcement from the Police department. The Board would like to see the enforcement from the police department heightened regarding the By-law.
