EXECUTIVE SESSION – Pending Court Cases
The meeting was called to order at 4:11 p.m.

Mick Donovan

On February 17th the Mick Donovan case was heard by Judge Veary. The judge seemed very well informed on the case and asked a lot of pertinent questions. He decided to take the case under advisement and there is no deadline for his making a decision on it.

Mr. Donovan has never responded to the counter-offer made to him by the Board of Health. Both Mr. Donovan and his attorney, Mr. Titlebaum were present for the hearing as well as the town counsel, Gregg Corbo.

George Bryant

Gregg Corbo asked in the same email to be apprised of the current condition of Mr. Bryant's property, i.e., inspection plus pictures. The pictures were taken the first week of March and were provided to the attorney. Copies were shown to the

members of the BoH and although there has been some improvement he remains in violation of the court order. Mr. Corbo will follow up with the judge.

4:15 p.m.

Motion: Move to resume the public portion of the BoH meeting.

Motion: Betty Williams Seconded: Joe DiMartino Vote: 3-0-0

Respectfully submitted,
E. Rogers Gaudiano
