

Recycling and Renewable Energy Committee Minutes from 30 November, 2011, 5 to 6pm Caucus Hall, Provincetown Town Hall

Attending: Amy Germain, Scott Powell and Lydia Hamnquist

Amy called the meeting to order at 5pm and James Mack from the UU social action committee joined us to talk about "catalog choice" which is a way for people to opt out of receiving catalogs in the mail. The web site is *catalogchoice.org*. We will look at the site and discuss at next meeting.

Amy motioned to accept minutes from 16 November, Scott seconded and minutes were approved.

Amy has invited someone from Climate Project to come to the next meeting on 7 December and Scott will ask Brian Carlson to e-mail town boards to invite anyone who may want to attend.

Regarding the logo, Scott has been e-mailing Chris McCarthy at PAAM and he will be meeting her on the 15th. He also e-mailed Tina and Dorothy from Green Festival and we hope to meet with them during February and March to help organize. Scott will also pursue putting collection boxes out to help raise money. Several slogans suggested like Green for Green, Reduce Your Cash-Reduce the Trash, or Giving Green. Scott will get in touch with Jay Critchley about helping with ideas.

Lydia wants to collect information for Provincetown residents about home solar and wind installations. Amy suggested contacting Jackie Kelley as she had just attended a symposium on this.

Scott moved to adjourn, Amy seconded and vote approved. Next meeting will be 7 December.
