

Complaints about pesticide use?

Pesticides are regulated by the state. Call the Department of Agriculture's Pesticide Enforcement hotline:

617-626-1782

When used correctly, pesticides are one type of tool to protect public health and safety. When used incorrectly, pesticides can pose harm to humans, animals, and the environment.

No pesticides should trespass onto your property from a neighboring property. If they do, immediately call 617-626-1782.
