

The Amazing Power of Speech

September 29, 2020 from 5:30-6:30 PM via ZOOM

**Join pediatric Speech-Language Pathologist, Jennifer Watson
for an hour of rich dialogue.**

We all know that speech is important, but the profound impact that it has on a child's emotional regulation, peer relationships, family relationships, and academic success is absolutely amazing!

This Workshop focuses on learning how to support a child's skill development so they are not as frustrated when sharing their thoughts, feelings, and needs to others, thereby reducing tantrums.

Topics will include:

- The role we all have in teaching our children to talk and communicate effectively
- Ideas and strategies to help decrease frustrations and increase their ability to confidently communicate
- Strategies to increase a child's vocabulary and ability to speak clearly so they feel heard, understood, and learn how to get their needs met by others
- Learning our role in building a child's confidence and emotional regulation skills

Register by emailing cbiondi@capecodchildrensplace.com or call the Cape Cod Children's Place at (508) 240-3310 for additional questions or family support needs.

Jennifer Watson is a Speech-Language Pathologist with 25 years of experience. Having worked in Early Intervention in the public schools, where she supported children and families in accessing services, she recently re-launched her private speech and language therapy practice at her home office in Harwich, utilizing telehealth as well. Jennifer holds her Certificate of Clinical Competence from the American Speech Language Hearing Association, as well as her certification to practice speech pathology privately in MA.

This programming is funded by a SAFE Child Communities grant through the Children's Trust and a Coordinated Family and Community Engagement (CFCE) grant from the MA Dept. of Early Education and Care, administered by the Cape Cod Children's Place.
