

Provincetown Public Forum

Sewer Available for All by 2030

The Town of Provincetown will be presenting their Wastewater Expansion Plan at a public forum on June 14, 2022. Our proposed project will provide sewer service to all properties in Provincetown by 2030. This is a long-term solution in order to protect public health, our environment and to provide coastal resiliency for decades to come. We have some significant grant funding opportunities that are available now and we seek input and feedback from all residents and stakeholders. For more information on the Draft Wastewater Expansion Plan please go to : <https://www.provincetown-ma.gov/476/Sewer-Department>

June 14, 2022 at 5:00 pm

This meeting will be held virtually on Microsoft Teams. For more info on how to connect:
