CHAPTER 1

DEFINITIONS¹

For the purpose of these regulations, the words and phrases used herein shall have the following meanings except in the instances where the context clearly indicates a different meaning.

Bus Stop-An area designated and set aside for the loading and unloading of buses.

Cross-Walk-That portion of the roadway ordinarily included within the prolongation or connection of the curb line and property lines at intersections, or at any portion of a roadway clearly indicated for pedestrian crossing by lines on the road surface or by other marking or signs.

Official Curb/Pavement Marking-That portion of a curbing or the roadway, that has been painted as one means of indication, in certain but not all cases, the prohibition of parking of vehicles adjacent thereto, or specifically to indicated certain instances of limited or controlled unloading or parking thereon.

Intersection-The area embraced within the extensions of the lateral curb lines or, if none, then the lateral boundary lines of intersecting ways as defined in Section 1 Chapter 90, of the General Laws of the Commonwealth, including divided ways.

Lane-A longitudinal division of a roadway into a strip of sufficient width to accommodate the passage of a single line of vehicles.

Officer-Any sworn officer, constable, or special officer of the Town or Commonwealth.

Parking-The standing of a vehicle, whether occupied or not, otherwise that temporarily stopped by the flow of traffic ahead of said vehicle, or by traffic signs or signals, or under the specific direction of an officer or, if said vehicle is disabled, while immediate action is being taken for removal of the vehicle.

Parking Meter-Any mechanical device consistent with the provisions of these regulations, and placed upon any public way or municipal off street parking area within the Town for the regulation of parking. Each parking meter installed shall indicate by proper legend, the legal parking time established by this ordinance and when operated, shall at times indicate the balance of legal parking time permitted and at the expiration of such period shall indicate illegal or overtime parking.

Kiosk- a solar powered, wireless device that manages single space paid parking. Each kiosk installed shall indicate by proper legend, the legal parking time established by this ordinance and when operated, shall at times indicate the balance of legal parking time permitted and at the expiration of such period shall indicate illegal or overtime parking.

Parking Zone-Any street or portion thereof or municipal off-street parking area upon which signs, parking meters, or kiosks are installed and in operation, and upon which parking of vehicles is permitted for a limited time, subject to compliance with the further provisions of this regulation.

Parking Space-Any space designated for the parking of a single vehicle by the means of lines painted on the surface of the street or parking area adjacent thereto, or designated by a sign, parking meter, or numbered space.

Pedestrian-Any person afoot or riding on a conveyance moved by human muscular power, except bicycles or tricycles, as defined in Chapter 90, Section 18A of the General Laws.

¹ Approved Traffic Rules and Orders 03-29-1955, updated 01-1987

Person-Any individual, firm, co-partnership, association or corporation.

Resident Zone²-A parking zone reserved for the exclusive use of persons whose vehicles bear Resident Parking permits.

Roadway-That portion of the street or highway between the regularly established curb lines or that part, exclusive of shoulders, improved and intended to be used for vehicular traffic.

Street or Highway-The road layout or entire width between properties lines of every way open to the use of the public for purposes of travel.

Official Street Marking-Any painted line, legend, marking or marker of any description painted or placed upon any way which purports to direct or regulate traffic.

Taxicab Stand-An area specifically designated for the standing of licensed taxicabs which have been issued specific permits for this purpose by the Parking Department and the Board of Selectmen. In said designated areas, taxicabs are authorized and required to park with driver in the vehicle, while waiting to be engaged.

Traffic-Pedestrians, ridden or herded animals, vehicles, street cars or other conveyances either single or together, while using any street or highway for the purpose of travel.

Traffic Control Area-Any area along any way, other than an intersecting way, at which drivers are to be controlled by traffic control signs or signals.

Traffic Control Signal-Any device which conforms to the standards prescribed by the Commonwealth Department of Public Works, manually, electronically or mechanically operated, by which traffic may be directed.

Traffic Island-Any area or space set aside, within a roadway, which is not intended for use by vehicular traffic.

Traffic Sign, Official-Any sign, marking, or device, other than a signal, consistent with these regulations, and which conforms to the standards prescribed by the Commonwealth Department of Public Works, placed by authority of the public body or official having jurisdiction for the purpose of guiding, directing, warning or regulating traffic.

Vehicle-Any device, in, or upon which any person or property may be transported or drawn, upon a highway, including bicycles, when the provisions of these regulation are applicable, except other devices moved by human power or used exclusively upon stationary rails or tracks and devices which derive their power for operation from stationary overhead wires.

Vehicle, Commercial-Any vehicle registered to a corporation or business or for the purpose of the transportation of goods, wares, or merchandise for commercial purposes.

Vehicle, Emergency-Police and Fire Department vehicles, ambulances and emergency vehicles of federal, state and municipal departments or public services corporations when the latter are responding to an emergency in relation to the Police and Fire Departments.

Vehicle, Heavy Commercial-Any commercial vehicle of over two and one half ton capacity.

CHAPTER 2

AUTHORITY AND DUTIES OF PUBLIC OFFICIALS

ARTICLE 1: COMMISSIONER OF PUBLIC SAFETY³

2-1-1 COORDINATOR OF PUBLIC SAFETY EFFORTS

The Commissioner of Public Safety shall coordinate the efforts of all public safety measures.

2-1-2 PROMOTE SAFE DRIVING

The Commissioner of Public Safety shall strive to promote safe driving; and shall contact citizens, civic and business organizations, associations, and churches to solicit input and assistance with ideas on promoting public safety awareness and its importance to the welfare of the citizens of Provincetown.

2-1-3 PUBLIC EDUCATION

The Commissioner shall design, print and distribute safety posters and information about safe driving methods and safe, law abiding, considerate, ways of operating motor vehicles and non-motorized vehicles, bicycles, and information about pedestrian safety.

ARTICLE 2: CHIEF OF POLICE⁴

2-2-1 SIGN REVIEW

The Chief of Police shall be designated to review all signs on streets and report his findings to the Board of Selectmen.

2-2-2 SPEED LIMITS

All speed limit enforcement on town ways shall be the jurisdiction of the Chief of Police.

2-2-3 TRAFFIC DIRECTION

Traffic direction shall be the authority and duty of the Chief of Police to enforce the provisions of these regulations either by means of an officer, or visible or audible signal in conformance with the provisions of these traffic regulations.

2-2-4 STREET CLOSURES

The Chief of Police shall have the authority to temporarily close any street or highway for an impending or existing emergency, or for any lawful assembly, parade, demonstration or procession.

2-2-5 TEMPORARY PROHIBITION OF PARKING

The Chief of Police shall have the authority to temporarily prohibit parking on any street or part thereof, for impending emergency or for a lawful assemble, parade, demonstration or procession. Vehicles parked in places where parking is temporarily prohibited, may be removed at the direction of an officer or the Chief of Police.

2-2-6 REMOVAL OF UNAUTHORIZED SIGNS

The Chief of Police shall have the authority to remove any prohibited sign, marking or device, or cause it to be removed, without notice when any person places or maintains or displays upon or in view of any street,

³ Approved Resolution 04-27-1987 Traffic Hearing

⁴ 03-29-1955 Traffic rules and Orders, 10-31-1988 Traffic Hearing, see also MASSACHUSETTS GENERAL LAWS Chapter 41, Section 97A, Provincetown Charter, Provincetown Bylaws

any unofficial sign, signal, marking or device which purports to be, or is an imitation of or resembles an official traffic sign, signal or marking or device, or which hides from view any official sign, or signal.

2-2-7 EXEMPTIONS

The Chief of Police shall have the authority to exempt vehicles from these regulation as needed: vehicles engaged in work upon a street or highway closed to travel or under construction or repair; officers engaged in the performance of public duties, emergency vehicles operating in any emergency and those in the performance of public duties when the nature of the work necessitates a departure from these regulations.

ARTICLE 3: DIRECTOR OF PUBLIC WORKS⁵

2-3-1 TRAFFIC CONTROL AND PEDESTRIAN ACCESS

The Director of Public Works shall coordinate all traffic control and pedestrian access requests with the State Department of Public Works, and report his findings to the Board of Selectmen.

2-3-2 TRAFFIC SIGNS AND SIGNALS

The Director of Public Works shall be authorized to coordinate with the Chief of Police and Parking Department, as to those signs and signals required hereunder and it shall be their duty, to place and maintain, or cause to be placed and maintained, all official traffic and parking signs, signals, and markings, which shall adhere to the standards as prescribed by the Department of Public Works of the Commonwealth of Massachusetts.

ARTICLE 4: PARKING DEPARTMENT

2-4-1 PARKING SYSTEMS ADMINISTRATION

The Parking Department shall be authorized to administer and manage all aspects of the parking system in Provincetown, and shall ensure that all regulations promulgated by the Selectmen pertaining to said system and operation be instituted and enforced. They shall assist the Chief of Police with enforcement issues as well as curb cuts, sign review, speed limits, traffic flow and regulation, parking and planning.

2-4-2 COIN COLLECTION

Two members of the Parking Department are hereby designated to collect monies deposited in parking meters and kiosks or to cause the same to be so collected. Such monies shall be immediately deposited in an account so designated by the Finance Department in a town-owned vehicle escorted by one member of the Police Department. The deposit slips and lot tally sheets shall then be submitted to the Treasurer's Office within twenty four (24) hours of the bank deposit.

2-4-3 MASSACHUSETTS GENERAL LAWS CHAPTER 90, SECTION 20A ½

The Parking Department shall be designated by the Town and the Commonwealth to enforce the provisions of Chapter 90, § 20A ½ of the General Laws of the Commonwealth and ensure that any person who violates and provisions thereof, or of these regulations, shall be subject to the penalties provided by the General Laws of the Commonwealth, or of the Town. A representative from the Parking Department shall be designated as Hearing Office for the Town of Provincetown, and therefore, an Officer of the Court of the Commonwealth, and act in this capacity pursuant to the General Laws of the Commonwealth.

PART I. ADMINISTRATION OF THE GOVERNMENT⁶
TITLE XIV. PUBLIC WAYS AND WORKS
MASSACHUSETTS GENERAL LAWS CHAPTER 90. MOTOR VEHICLES AND AIRCRAFT

Chapter 90: Section 20A^{1/2}. Cities of Boston and Cambridge; parking violations; tags; appearance; failure to appear; adjudication by mail

Section 20A^{1/2}. In the cities of Boston and Cambridge and in any city or town which accepts the provisions of this section, each manager in a city having a Plan D or E form of charter or the mayor, with the approval of the city council or board of aldermen in any other city, or the town council or board of selectmen of a town shall designate or appoint a parking clerk. The parking clerk shall report to the council or aldermen of a city, the council or board of selectmen of a town and shall supervise and coordinate the processing of parking notices in such city or town. The parking clerk shall have the authority, after such authorization by the mayor and city council in a city or town council or selectmen in a town, to hire and designate such personnel as may be necessary or contract by competitive bid for such services, subject to appropriation, to implement the provisions of this section; provided, however, that such positions shall be filled in the city of Boston and Cambridge by granting preference to persons who had been employees of said cities in the fire, police or traffic crossing guard service, and all such positions in said city of Boston and Cambridge shall be subject to chapter thirty-one, and in no case in the city of Boston and Cambridge shall the amount expended for administration of this section exceed eleven per cent of the total amount of the annual receipts collected by the parking clerk.

It shall be the duty of every police officer who takes cognizance of a violation of any provision of any rule, regulation, order, ordinance or by-law regulating the parking of motor vehicles established for their respective city or town, forthwith to give the offender a notice, which shall be in tag form as provided in this section, to appear before the parking clerk of the city or town wherein the violation occurred at any time during regular office hours, not later than twenty-one days after the date of such violation. All tags shall be prepared in triplicate and shall be pre-numbered.

Said tag shall be affixed securely to the motor vehicle and shall contain, but shall not be limited to, the following information: the make, color and registration number of the vehicle involved and the state of issuance of said registration number, the date, time and place of the violation, the specific violation charged and, if a meter violation, the number of said meter, the name and badge number of the officer and his division, a schedule of established fines, instructions for the return of the tag and a notice which reads: This notice may be returned by mail, personally or by an authorized person. A hearing may be obtained upon the written request of the registered owner. Failure to obey this notice within twenty-one days after the date of violation may result in the non-renewal of the license to drive and the registration of the registered owner.

At or before the completion of each tour of duty, the officer shall give to his commanding officer those copies of each notice of such violation taken cognizance of during such tour. Said commanding officer shall retain and safely preserve one of such copies and shall at a time no later than the beginning of the next business day of the city or town after receipt of such notice deliver another of such copies to the parking clerk before whom the offender has been notified to appear. The parking clerk shall maintain a docket of all such notices to appear.

Any person notified to appear before the parking clerk, as provided herein, may appear before such parking clerk, or his designee, and confess the offense charged, either personally or through an agent duly authorized in writing or by mailing to such parking clerk the notice accompanied by the fine provided therein, such payment to be made only by postal note, money order or check made out to the parking clerk. Payment of the fine established shall operate as a final disposition of the case. Notice affixed to a motor vehicle as provided in this section, shall be deemed a sufficient notice, and a certificate of the officer affixing

⁶ Massachusetts General Laws

such notice that it has been affixed thereto, in accordance with this section, shall be deemed prima facie evidence thereof and shall be admissible in any judicial or administrative proceeding as to the facts contained therein.

[Sixth paragraph effective until April 7, 2009. For text effective April 7, 2009, see below.]

The traffic and parking commission of the city of Boston, the traffic commission or traffic director of any other city or town having such a commission or director with authority to promulgate traffic rules, the city council of any other city, and the board of selectmen of any other town, shall, from time to time, establish by rule or regulation a schedule of fines for violations subject to this section committed within such city or town; provided, however, that all such fines shall be uniform for the same offense committed in the same zone or district, if any; and provided, further, that the fine for the violation of the parking of motor vehicles within ten feet of a fire hydrant shall not be more than one hundred dollars, and provided, further, that any fine established under the provisions of this section for all other parking violations shall not exceed \$50, if paid within 21 days, nor shall it exceed \$55, if paid thereafter, but before the parking clerk reports to the registrar, as provided below and shall not exceed \$75 if paid thereafter.

[Sixth paragraph as amended by 2008, 465, Sec. 2 effective April 7, 2009. For text effective until April 7, 2009, see above.]

The traffic and parking commission of the city of Boston, the traffic commission or traffic director of any other city or town having such a commission or director with authority to promulgate traffic rules, the city council of any other city, and the board of selectmen of any other town, shall, from time to time, establish by rule or regulation a schedule of fines for violations subject to this section committed within such city or town; provided, however, that all such fines shall be uniform for the same offense committed in the same zone or district, if any; and provided, further, that the fine for the violation of the parking of motor vehicles within ten feet of a fire hydrant shall not be more than one hundred dollars, and provided, further, that the fine for the violation of parking a motor vehicle within a posted bus stop shall be \$100; and provided further, that any fine established under the provisions of this section for all other parking violations shall not exceed \$50, if paid within 21 days, nor shall it exceed \$55, if paid thereafter, but before the parking clerk reports to the registrar, as provided below and shall not exceed \$75 if paid thereafter.

Should any person notified to appear hereunder fail to appear and, if a fine is provided hereunder, to pay the same, or having appeared desire not to avail himself of the benefits of the procedure established by this section, the parking clerk shall forthwith schedule the matter before a person hereafter referred to as a hearing officer, said hearing officer to be the parking clerk of the city or town wherein the violation occurred or such other person or persons as the parking clerk may designate. Written notice of the date, time and place of said hearing shall be sent by first-class mail to the registered owner. Said hearing shall be informal, the rules of evidence shall not apply and the decision of the hearing officer shall be final subject to judicial review as provided by section fourteen of chapter thirty A.

If any person fails to appear in accordance with said notice, the parking clerk shall notify the registrar of motor vehicles who shall place the matter on record and, upon receipt of two or more such notices, shall not renew the license to operate a motor vehicle of the registered owner of the vehicle or the registration of said vehicle until after notice from the parking clerk that all such matters have been disposed of in accordance with law. Upon such notification to the registrar, an additional twenty dollar charge, payable to the registrar of motor vehicles, shall be assessed against the registered owner of said vehicle. It shall be the duty of the parking clerk to notify the registrar forthwith that such case has been so disposed of in accordance with law, provided however, that a certified receipt of full and final payment from the parking clerk of the city or town in which the violation occurred shall also serve as legal notice to the registrar that said violation has been disposed of. The notice to appear provided herein shall be printed in such form as the registrar of motor vehicles may approve. The parking clerk shall distribute such notices to the commanding officer of the police department of the city or town upon request, and shall take a receipt therefore. The registrar shall approve such other forms as he deems appropriate to implement this section, and said forms shall be printed and used by the cities and towns.

If any person shall have failed to appear in accordance with five or more said notices, notwithstanding any notification to the registrar, the parking clerk may notify the chief of police or director of traffic and parking of said city or town that the vehicle involved in said multiple violations shall be removed and stored, or otherwise immobilized by a mechanical device, at the expense of the registered owner of said vehicle until such time as the matter has been disposed of in accordance with law.

As used in this section, the words "motor vehicle" shall, so far as apt, include trailer, semi-trailer and semi-trailer unit.

The provisions of this section shall apply to violations of rules and regulations relative to the use of parking areas subject to the control of the county commissioners adjacent to or abutting county buildings, and county commissioners are hereby authorized to make such rules and regulations. Said provisions shall also apply to violations of rules and regulations relative to the parking of motor vehicles established by any commission or body empowered to make such rules and regulations.

Any person notified to appear before the parking clerk, as provided herein, may without waiving his right to a hearing before the parking clerk or hearing officer as provided by this section, and also without waiving judicial review as provided by section fourteen of chapter thirty A, may challenge the validity of the parking violation notice and receive a review and disposition of the violation from the parking clerk or a hearing officer by mail. The alleged parking violator may, upon receipt of the notice to appear, send a signed statement explaining his objections to the violation notice as well as signed statements from witnesses, police officers, government officials and any other relevant parties. Photographs, diagrams, maps and other documents may also be sent with the statements. Any such statements or materials sent to the parking clerk for review shall have attached the persons' name and address as well as the ticket number and the date of the violation. The parking clerk or hearing officer shall, within twenty-one days of receipt of said material, review the material and dismiss or uphold the violation and notify, by mail, the alleged violator of the disposition of the hearing. If the outcome of the hearing is against the alleged violator, the parking clerk or hearing officer shall explain the reasons for the outcome on the notice. Such review and disposition handled by mail shall be informal, the rules of evidence shall not apply, and the decision of the parking clerk shall be final subject to any hearing provisions provided by this section or to judicial review as provided by section fourteen of chapter thirty A. Each parking violation issued shall carry a statement explaining the procedure to adjudicate the violation by mail.

CHAPTER 3

SNOW REMOVAL

ARTICLE 1: TOWING ON TOWN WAYS

3-1-1 SNOW CLEANING OPERATIONS⁷

Pursuant to Chapter 40, Section 22D of the General Laws of the Commonwealth, the towing of motor vehicles shall be allowed if said vehicles are parked in violation of snow cleaning regulations, which prohibit parking on those streets designated as Emergency Snow Routes.

3-1-2 EMERGENCY SNOW ROUTES⁸

All snow plowing areas shall be posted during the winter months with signs displaying the wording, "Emergence Snow Route, Tow Away Zone, No Parking in the Event of Snowfall".

ARTICLE 2: DESIGNATED SNOW PLOWING ROUTES

3-2-1 SNOW PLOWING AREAS⁹

The following streets shall be designated as snow plowing areas:

Alden Street	Montello Street (upper & lower)
Atlantic Avenue	Nickerson Street (upper and lower)
Brewster Street	Pearl Street (upper and lower)
Center Street	Pleasant Street
Commercial Street	Priscilla Alden Road
Conant Street (upper & lower)	Prince Street
Cottage Street (upper)	Ryder Street
Cudworth Street	Standish Street (upper and lower)
Johnson Street	
Miller Hill Road	

3-2-2 PROCEDURES¹⁰

In order to legally designate snow plowing routes, and enforce snow removal regulations, the town shall accept the provisions of Chapter 40, Section 22D shall adopt snow removal regulations, shall post signs in specified areas, and shall advertise the regulations.

CHAPTER 4

PARKING

ARTICLE 1: GENERAL PROHIBITIONS

4-1-1 RESTRICTED PARKING

No person shall allow, permit or suffer any vehicle registered in his name to stand or park in any street, way, highway, road or roadway under the control of the Town of Provincetown in violation of any of the parking and traffic rules and orders adopted by the Board of Selectmen, or in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic sign or signal. Vehicles found parking in violation of the provisions of this section may be moved by or under the direction of an officer and at the expense of the owner.

a. Within an intersection, except within those areas where the installation of parking meters has been approved by the Department of Public Works of the Commonwealth of Massachusetts.

B. Upon any sidewalk.

C. Upon any crosswalk.

d. All other approved 03-29-1955 rules and Orders.

8-5-2 EXEMPTIONS

The forgoing section of this article shall not apply to commercial or heavy commercial vehicles going to, or coming from places upon said streets or adjoining streets to which access cannot otherwise be gained, to municipal vehicles, public service vehicles having emergency work to do on said streets or adjoining streets, to United States main service vehicles, to police and fire department vehicles or ambulances.

ARTICLE 6: BICYCLES

8-6-1 BICYCLE TRAFFIC¹³⁷

Bicycle traffic in the Town shall be regulated by MASSACHUSETTS GENERAL LAWS Chapter 85, § 11B (see Appendix E of these regulations). Special Legislation (chapter 264 of the Regular Session of 1991, adopted October 11, 1991) exempts Provincetown from the sections of Chapter 85, § 11B with respect to the regulation of the operation of bicycle traffic on Commercial Street by allowing the Town to adopt rules for this said Commercial Street traffic. Said regulation was adopted by the Board of Selectmen at the February 18, 1992 Annual Traffic Hearing to read "The direction of the travel for bicycles on Commercial Street shall be in either direction."

8-6-2 BIKE RACK

Bike Racks are to be installed at the direction and discretion of the Board of Selectmen.

ARTICLE 7: WALKWAYS

8-7-1 WALKWAYS

Walkways are to be created and maintained at the direction and discretion of the Board of Selectmen.

ARTICLE 8: MOTORIZED BICYCLES AND SCOOTERS

8-8-1 PURPOSE AND AUTHORITY

This Regulation is adopted pursuant to General Laws c. 40, §22, General Laws c. 90, §§1B and 1E, and Chapter 264 of the Acts of 1991. The purpose of this Regulation is to facilitate the safe travel of vehicles, including motorized bicycles and motorized scooters, bicycles, and pedestrians on public ways within the Town.

8-8-2 DEFINITIONS

"Motorized bicycle", a pedal bicycle which has a helper motor, or a non-pedal bicycle which has a motor, with a cylinder capacity not exceeding fifty cubic centimeters, an automatic transmission, and which is capable of a maximum speed of no more than thirty miles per hour.

¹³⁷ Article 29, October 12, 1976, Special Town Meeting adopted Special legislation (Acts of 1977 - Chapter 419) with regard to MGL CH 85 § 11B, allowing bicycle traffic on Commercial Street in Provincetown, to operate in either direction. Said Act was voted at the April 18, 1978 Annual town Election/Updated further by Article 76 of the April, 1990 annual Town Meeting, requesting that Chapter 419 of the Acts of 1977 be rescinded. This article was amended on the floor, resulting in a motion to request the Board of Selectmen to clarify with Town Counsel and the State Attorney General as to the status of this act. Remedy to this was adopted via Article 38 of the April, 1991 Annual Town Meeting by Home Rule Petition allowing the Town to adopt rules providing for the operation of bicycle traffic on Commercial Street relative other direction of the travel and passing on said Commercial Street. Final remedy to this was the enactment of said regulations at the February 18, 1992 Annual Traffic Two - Way traffic on Commercial Street This action was finalized by Chapter 264 of the 1991 Regular Session of the Legislature of the Commonwealth

"Motorized scooter", any 2 wheeled tandem or 3 wheeled device, that has handlebars, designed to be stood or sat upon by the operator, powered by an electric or gas powered motor that is capable of propelling the device with or without human propulsion. The definition of "motorized scooter" shall not include a motorcycle or motorized bicycle or a 3 wheeled motorized wheelchair.

8-8-3 COMPLIANCE WITH ALL TRAFFIC RULES AND REGULATIONS GOVERNING MOTORIZED VEHICLES

All persons operating a motorized bicycle or motorized scooter within the Town must comply with all applicable rules of the road, including but not limited to posted speed limits and flow of traffic rules, and all requirements of Massachusetts General Laws, Chapter 90, Section 1B (Motorized Bicycles) and Massachusetts General Laws, Chapter 90, Section 1E (Motorized Scooters). No person under the age of 16 may operate a motorized bicycle or motorized scooter, nor may such vehicles be operated while the driver is impaired as defined in Massachusetts General Laws, Chapter 90, Section 24. All operators and riders of Motorized Bicycles and Motorized Scooters must wear a helmet.

8-8-4 ONE WAY DIRECTIONAL TRAFFIC ON COMMERCIAL STREET

Motorized bicycles and motorized scooters shall comply with the one way directional traffic flow on Commercial Street.

8-8-5 USE OF DESIGNATED PARKING SPACES TO INITIATE RENTAL

Any person engaged in the rental or hire of motorized bicycles and/or motorized scooters within a public way or located in a Town-owned parking lot shall not obstruct traffic during loading and unloading, and shall confine such activity to designated public parking spaces.

8-8-6 BIKE RACKS MAINTAINED BY THE TOWN

Bike racks maintained by the Town are intended for the sole and exclusive use of bicycles or unregistered /unlicensed motorized vehicles. No motorized bicycle or motorized scooter, which is required to be licensed and registered by the Massachusetts Registry of Motor Vehicles, may be placed or stored at Town-owned bike racks or otherwise left unattended, whether locked or not, on any Town property, in a public way or on a Town sidewalk, except designated parking spaces. Any licensed motorized bicycle or motorized scooter left unattended on Town-owned bike racks, on Town property or within a public way or sidewalk shall be deemed abandoned property and shall be removed from the premises by the Department of Public Works. The Department of Public Works (DPW) will transport the bike to Police Headquarters, and the sector officer will generate a report identifying the vehicle and removal date. The report will include make, model, color, serial number (if possible) and a brief description of the vehicle's condition. The serial number will be checked with the Criminal Justice Information system. The Property/Evidence Officer will log the vehicle into the IMC System and secure it for safekeeping in a designated storage area for a period of thirty days. The Property/Evidence Officer will use reasonable means to identify and notify the owner, in writing, if known. If the vehicle is not claimed in this period, the Property Evidence Officer will release it for auction. The Town shall not be liable for any damage to such vehicles, which occurs as a result of the removal and storage of such vehicles by the Town.

8-8-7 MACMILLAN PIER

This Regulation shall apply to the operation of motorized bicycles and motorized scooters on MacMillan Pier, and may be further subject to regulations issued by the Provincetown Public Pier Corporation.

8-8-8 NOTIFICATION OF REGULATION TO OPERATORS

Every person engaged in the rental or offering for hire of motorized bicycles and/or motorized scooters shall provide to the person renting or hiring such vehicle a copy of these Regulations and shall require, as a condition of rental, that the person renting such vehicle sign an acknowledgement form stating that the person has read and acknowledges the Regulation.

8-8-9 PENALTIES AND ENFORCEMENT

Pursuant to Chapter Two of the Town of Provincetown General Bylaws, this Regulation may be enforced by any Provincetown Police Officer through any of the means stated in the bylaw. Penalties for violations of Sections 8-8-3 and 8-8-4 shall be assessed against the operator. Penalties for violations of Section 8-8-5 and 8-8-8 shall be assessed against the owner. Violations of Section 8-8-6 shall be assessed against the owner or operator or both. The penalty for violation of this Regulation shall be \$100 for the first offense, \$200 for the second offense, and \$300 for the third and any subsequent offense. Each day that a violation continues shall be deemed a separate offense.

Nothing in this Regulation is intended to limit or restrict the authority of any Town officer or official to enforce the provisions of the Massachusetts General Laws, or any other applicable Federal, State or local law concerning the operation and use of Motorized Bicycles and Motorized Scooters in the Town of Provincetown, and, to the extent that the requirements of this Regulation conflict with any such Federal, State or local laws, the more stringent will apply.

8-8-10 SEVERABILITY

The invalidity of any section, provision, paragraph, sentence, or clause of this Regulation shall not invalidate any other section, provision, paragraph, sentence, or clause thereof.

CHAPTER 9

TRAFFIC¹³⁸

ARTICLE 1: TOW ZONES¹³⁹

9-1-1 GENERAL PARKING PROVISIONS

No person shall stand, park, allow, or permit any vehicle registered in his name to stand or park in any TOW ZONE. Vehicles found in violation of the provisions of this section, except those specifically exempt by law, shall be removed to a convenient place under the direction of an officer of the police department and the owner of the vehicle so removed or towed away shall be liable to the cost of such removal and storage, if any, as set forth in Massachusetts General Law. The owner of any vehicle removed or towed away under the provisions of this section shall also be subject to the penalties provided in Chapter 90, Section 20A ½ of the General Laws.

9-1-2 GENERAL TRAFFIC PROVISIONS

The police are authorized to remove any vehicle parked or standing on any part of any way under the control of the Town in such a manner as to impede in any way the removal or plowing of snow or ice or in violation of any rule or order or regulation which prohibits the parking or standing of all vehicles on such ways or portions thereof. The owner of the vehicle so removed or towed away, shall be liable to the cost of such removal and storage, if any, as set forth in Massachusetts General Law Chapter 40, § 22D.

MACMILLAN PIER PARKING REGULATIONS¹⁷⁰

ARTICLE 1: MACMILLAN PIER

Applicable Harbor Regulations for MacMillan Pier as promulgated December 19, 1991

B-1-1 VEHICLES AND PARKING

Use of the pier by vehicles shall be limited to those vehicles actively serving vessels and businesses at the pier and casual vehicular travel by the general public. No vehicles shall be parked as to block the access of other vehicles to the pier.

B-1-2 PARKING DESIGNATED BY HARBORMASTER

Parking of vehicles and heavy trucks shall be prohibited on the pier, except in the space and times designated by the Harbormaster. No vehicle shall be left unattended on the pier, except with the written permission of the Harbormaster.

B-1-3 OUTER TEE

No vehicles shall enter, leave, or move within the Outer Tee area while pedestrians are coming from the Boston passenger vessel, or other large passenger vessel, except at the direction of the Harbormaster. The Harbormaster and the police department may close the pier to vehicular traffic during unloading and loading of passengers from and to the Boston passenger vessel if, in their judgment, closing is required in the interest of public safety.

B-1-4 VEHICLE WEIGHT

The maximum gross vehicle weight for the approach pier, intermediate pier and finger piers is (13) tons for a two axle truck, (17) tons for a three axle truck, (24) tons for a four axle truck and (36) tons for a five axle truck. No person using the pier shall cause the load limit to be exceeded.

B-1-5 MAXIMUM WEIGHT, OUTER TEE

The maximum gross vehicle weight for the Outer Tee is (11) tons for a two axle truck, (13) tons for a three axle truck, (22) tons for a four axle truck, and (36) tons for a five axle truck.

B-1-6 SPACE REQUIREMENTS

The minimum space between vehicles on the Tee area shall be as outlined in Appendix A of the Provincetown Harbor Regulations. The minimum space between vehicles on the approach and intermediate pier shall be 5 feet as outlined in Appendix A of the Provincetown Harbor Regulations.

B-1-7 SPEED LIMIT

No person shall operate a motor vehicle in excess of 5 mph on any portion of the pier.

ARTICLE 2: GENERAL PROVISIONS

B-2-1 PARKING RESTRICTIONS

Parking of vehicles on MacMillan Pier is prohibited with the exception of the following:

¹⁷⁰ Approved 10-31-1988, Annual Traffic Hearing, see also MacMillan Pier Regulations dated 12019-91, see also Marine Superintendent's Policy dated 07-24-1992

- a. Vehicles which display a temporary parking permit in their windshield or rear view mirror. Said temporary permit shall be issued by the Harbormaster, Chief of Police, or Parking Administrator, must clearly display a date and time of term of permit.
- b. Vehicles which are parked within Pier Space (1) and Pier Space (2), as authorized by the lessees of said pier spaces. Per court order there must be a minimum of 5 feet between vehicles.
- c. Vehicles which are parked on the west side of the approach pier which are actively unloading, have their flashers on, and are parked for no longer that 15 minutes.

B-2-2 TEMPORARY PARKING PERMITS

Temporary parking permits will be available at the Harbormaster's office, or at the police station.

APPENDIX C

CONDUCT OF ANNUAL SPRING TRAFFIC HEARINGS

ARTICLE 1: GENERAL PROVISIONS¹⁷¹

C-1-1 ADOPTION OF PARKING REGULATIONS

Any proposed parking or traffic regulation may be adopted by a majority vote of those members of the Board of Selectmen present and voted on at a Traffic Hearing, or any regular meeting of the Selectmen. The traffic proposal proponent or their representative must attend the hearing.

C-1-2 DATE OF SPRING TRAFFIC PARKING HEARING

The Annual Parking and Traffic Hearing shall be conducted by the Board of Selectmen on an appropriate date designated at their discretion. All proposals will be submitted to the board of Selectmen's secretary no later than four weeks prior to the date of the traffic hearing. Traffic Hearing proposal forms are located on a table outside the office of the Town Manager on the first floor of Town Hall.

C-1-3 REVIEW OF PROPOSALS

All traffic hearing proposals will be directed to the appropriate department head and committee prior to the date of the hearing. Recommendations and pertinent information will be provided to the Board of Selectmen's Secretary by 5:00pm, seven days prior to the traffic hearing date, on the approved form provided.

C-1-4 ADVERTISEMENT

Each traffic hearing proposal will be advertised in accordance with Provincetown Bylaws.

¹⁷¹ Selectmen Policy directive 92-1, dated 03-02-1992

APPENDIX D

STATE STATUTES, REGULAION AND PROCEDURES

MASSACHUSETTS GENERAL LAWS CHAPTER 85, SECTION 2

Directs the stat DPW to post and maintain on state highways and ways leading thereto and there from, and on all main highways between cities and towns, such direction signs, warning signs or lights, curb, street or other traffic markings, mechanical traffic signal systems or traffic devices as it may deem necessary for promoting the public safety and convenience, and to make rules and regulations relative thereto.

COMMONWEALTH OF MASSACHUSETTS DPW BLANKET PERMITS

Blanket Permits are issued to Cities and Town's having approved traffic regulations. Said blanket permits cover warning signs, school sign, pavement markings, regulatory signs, parking meters etc.

COMMONWEALTH OF MASSACHUSETTS DPW SPECIAL PERMITS

Special Permits are required in the following instances: pedestrian regulations; areas involving traffic control agreements; school zones funded by Massachusetts DPW or on Massachusetts State Highway Department; mid-block on ways; traffic lights or bacons (unless community employs a Massachusetts registered P.E.); one ways between adjoining communities; any way at intersection or junction with state highway; exclusion of heavy commercial vehicles.

PROCEDURE FOR ESTABLISHING LEGAL SPEED ZONES

The Town shall prepare a study of the area, and submit a plan to the Commonwealth of Massachusetts DPW. After the plan and recommended speed zones, proposed by the town, are reviewed by the state DPW, they shall be returned to the town for formal adoption by the Board of Selectmen. Upon receipt of formal notice of adoption by the town, the Massachusetts DPW, acting jointly with the Massachusetts Registry of Motor Vehicles, will certify and approved said plan. The certified regulation is returned to the Town. Official speed limit signs may then be installed in accordance with the specific provisions of the approved speed regulation. This speed regulation is then enforceable by the Town

PURPOSE OF A STOP SIGN

The purpose of a stop sign is to prevent cross collisions. It is not intended, nor shall it be used for the control of speed or to forestall pedestrian, rear end or turning movement accidents. To insure uniformity in stop sign use, the character of the roadway should have the type of volume of traffic and traffic movements for which a stop sign will serve the purpose for which it is intended, and sere the right of the respective drivers in the area.

TRUCK AND OVERSIZED VEHICLE EXCLUSIONS

A truck exclusion from a municipal way may be authorized, provided a suitable alternate route is available. The alternate route shall have an effective width and pavement structure which can safely accommodate the additional truck traffic. In addition, the alternate route must meet the conditions set by the Commonwealth. An engineering study, with vehicle count, map of the area, physical characteristics of the street, buildings and properties on the street, zoning, alternate route, traffic controls, duration of the exclusion, and written statement from the municipality explaining the need for the exclusion, must be submitted.

REASON FOR EXCLUSION

A truck may be excluded from a street if:

1. The volume of heavy commercial vehicles, (5-8%), reduces the utilization of the facility and is cause for a substantial reduction in capacity or safety; or
2. The condition of the pavement structure of the route to be excluded indicates that further repeated heavy wheel loads will result in severe deterioration of the roadway; or
3. That in certain instances where land use is primarily residential in nature and municipality has requested exclusion only during hours of darkness.

PEDESTRIAN CONTROL REGULATIONS

1. Pedestrians shall obey the direction of police officers directing traffic, and whenever there is an officer directing traffic, a traffic control sign or signal, or a marked crosswalk within 300' of the pedestrian, no such pedestrian shall cross a way or roadway except within the limits of a marked crosswalk and as hereinafter provided in these regulations. For the purpose of these regulation, a marked crosswalk shall only be construed to be that area of a roadway reserved for pedestrian crossing located between two solid white pavement markings not less than six inches wide, with said markings or lines being no less than six feet apart.
2. There shall be no parking allowed on any sidewalk or in any crosswalk.
3. No pedestrian shall suddenly leave a sidewalk or safety island and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield the right of way. Pedestrians shall at all times attempt to cross the roadway using the crosswalks.
4. Where sidewalks are provided, it shall be unlawful for any pedestrian to walk along and upon an adjacent roadway whenever the sidewalk is open to pedestrian use. Where sidewalks are not provided, a pedestrian walking along and upon a highway shall walk on the left side of the roadway on its unfinished shoulder facing traffic which may approach from the opposite direction.

TOW ZONES

No person shall stand or park or allow, permit or suffer any vehicle registered in his name to stand or park in a designated tow zone. The following areas are tow zones under state statute:

1. Upon any way in such a manner as to impede the removal of plowing of snow or ice.
2. Upon any sidewalk or crosswalk.
3. Upon any way within twenty feet of an intersecting way except alleys.
4. Upon a way within ten feet of a fire hydrant.
5. On a roadway side of any vehicle stopped or parked at the edge or curb of the roadway (double parking)
6. In front of a public or private gate, or driveway.
7. Upon any way where the parking of a vehicle will not leave a clear and unobstructed lane at least ten feet wide for passing.

PROCEDURES FOR ESTABLISHING SCHOOL ZONES

A School Zone is that section of any way which abuts the grounds of a school and is posted and marked in accordance with the State DPW standards to indicate the applicability of the statutory speed limits of 20 mph for all vehicles in accordance with the terms of the permit for the zone. School Zones are warranted if:

1. The school property about the public way within the limits of the proposed zone;
2. School children have direct access to the street or roadway from school property;
3. The zone contains a marked crosswalk; and
4. The school involves one or more grades below Grade '9'

SCHOOL ZONE SPEED LIMIT

School Zone Speed Limit Sign may be used at all location to establish legal school zone speed limits of 20 mph where the school building on the grounds thereof about the street or highway, and should be placed within 50 feet of the limits of the zone.

APPENDIX E

BICYCLE REGULATIONS

MASSACHUSETTS GENERAL LAWS CHAPTER 85, § 11B

PART I. ADMINISTRATION OF THE GOVERNMENT¹⁷⁶

TITLE XIV. PUBLIC WAYS AND WORKS

CHAPTER 85. REGULATIONS AND BY-LAWS RELATIVE TO WAYS AND BRIDGES

Chapter 85: Section 11B. Bicycles; operation and equipment; regulations; federal product safety standards, effect; races; violations; penalties

[First paragraph effective until April 15, 2009. For text effective April 15, 2009, see below.]

Section 11B. Every person operating a bicycle upon a way, as defined in section one of chapter ninety, shall have the right to use all public ways in the commonwealth except limited access or express state highways where signs specifically prohibiting bicycles have been posted, and shall be subject to the traffic laws and regulations of the commonwealth and the special regulations contained in this section, except that: (1) the bicycle operator may keep to the right when passing a motor vehicle which is moving in the travel lane of the way, (2) the bicycle operator shall signal by either hand his intention to stop or turn, and (3) bicycles may be ridden on sidewalks outside business districts when necessary in the interest of safety, unless otherwise directed by local ordinance. A person operating a bicycle on the sidewalk shall yield the right of way to pedestrians and give an audible signal before overtaking and passing any pedestrian.

[First paragraph as amended by 2008, 525, Sec. 3 effective April 15, 2009. For text effective until April 15, 2009, see above.]

Every person operating a bicycle upon a way, as defined in section one of chapter ninety, shall have the right to use all public ways in the commonwealth except limited access or express state highways where signs specifically prohibiting bicycles have been posted, and shall be subject to the traffic laws and regulations of the commonwealth and the special regulations contained in this section, except that: (1) the bicycle operator may keep to the right when passing a motor vehicle which is moving in the travel lane of the way, (2) the bicycle operator shall signal by either hand his intention to stop or turn; provided, however, that signals need not be made continuously and shall not be made when the use of both hands is necessary for the safe operation of the bicycle, and (3) bicycles may be ridden on sidewalks outside business districts when necessary in the interest of safety, unless otherwise directed by local ordinance. A person operating a bicycle on the sidewalk shall yield the right of way to pedestrians and give an audible signal before overtaking and passing any pedestrian.

Operators of bicycles shall be subject to the following regulations:

[Clause (1) of the second paragraph effective until April 15, 2009. For text effective April 15, 2009, see below.]

(1) The operator shall ride single file on any way except when passing.

[Clause (1) of the second paragraph as amended by 2008, 525, Sec. 4 effective April 15, 2009. For text effective until April 15, 2009, see above.]

(1) Bicyclists riding together shall not ride more than 2 abreast but, on a roadway with more than 1 lane in the direction of travel, bicyclists shall ride within a single lane. Nothing in this clause shall relieve a bicyclist of the duty to facilitate overtaking as required by section 2 of chapter 89.

(2)(i) the operator shall ride only upon or astride a permanent and regular seat attached to the bicycle; a passenger shall ride only upon or astride a permanent and regular seat attached to the bicycle or to a trailer towed by the bicycle.

¹⁷⁶ Massachusetts General Laws

(ii) The operator shall not transport another person between the ages of one to four years, or weighing forty pounds or less, on a bicycle, except in a "baby seat", so-called, attached to the bicycle, in which such other person shall be able to sit upright; provided, however, that such seat is equipped with a harness to hold such other person securely in the seat and that protection is provided against the feet or hands of such person hitting the spokes of the wheel of the bicycle; or upon or astride a seat of a tandem bicycle equipped so that the other person can comfortably reach the handlebars and pedals. The operator shall not transport any person under the age of one year on said bicycle.

[Subclause (iii) of clause (2) of the second paragraph effective until April 15, 2009. For text effective April 15, 2009, see below.]

(iii) Any person 16 years of age or younger operating a bicycle or being carried as a passenger on a bicycle on a public way, bicycle path or on any other public right-of-way shall wear a helmet. Said helmet shall fit the person's head, shall be secured to the person's head by straps while the bicycle is being operated, and shall meet the standards for helmets established by the American National Standards Institute (ANSI Z 90.4) or subsequent standards or the Snell Memorial Foundation's nineteen hundred and eighty-four standard for use in bicycling or subsequent standards. These requirements shall not apply to a passenger if the passenger is in an enclosed trailer or other device which adequately holds the passenger in place and protects the passenger's head from impact in an accident.

[Subclause (iii) of clause (2) of the second paragraph as amended by 2008, 525, Sec. 5 effective April 15, 2009. For text effective until April 15, 2009, see above.]

(iii) Any person 16 years of age or younger operating a bicycle or being carried as a passenger on a bicycle on a public way, bicycle path or on any other public right-of-way shall wear a helmet. Said helmet shall fit the person's head, shall be secured to the person's head by straps while the bicycle is being operated, and shall meet the standards for helmets established by the United States Consumer Product Safety Commission. These requirements shall not apply to a passenger if the passenger is in an enclosed trailer or other device which adequately holds the passenger in place and protects the passenger's head from impact in an accident.

(iv) A violation of clause (ii) or (iii) shall not be used as evidence of contributory negligence in any civil action.

(3) The operator shall give an audible warning whenever necessary to insure safe operation of the bicycle; provided, however, the use of a siren or whistle is prohibited.

(4) The operator shall park his bicycle upon a way or a sidewalk in such a manner as not to obstruct vehicular or pedestrian traffic.

(5) The operator shall not permit the bicycle to be drawn by any other moving vehicle. The operator shall not tow any other vehicle or person, except that bicycle trailers properly attached to the bicycle which allow for firm control and braking may be used.

(6) The operator shall not carry any package, bundle or article except in or on a basket, rack, trailer or other device designed for such purposes. The operator shall keep at least one hand upon the handlebars at all times.

(7) Every bicycle operated upon a way shall be equipped with a braking system to enable the operator to bring the bicycle traveling at a speed of fifteen miles per hour to a smooth, safe stop within thirty feet on a dry, clean, hard, level surface.

(8) During the period from one-half hour after sunset to one-half hour before sunrise, the operator shall display to the front of his bicycle a lamp emitting a white light visible from a distance of at least five hundred feet, and to the rear of said bicycle either a lamp emitting a red light, or a red reflector visible for not less than six hundred feet when directly in front of lawful lower beams of headlamps on a motor vehicle. A generator powered lamp which emits light only when the bicycle is moving shall meet the requirements of this clause.

(9) During the period from one-half hour after sunset to one-half hour before sunrise, the operator shall display on each pedal of his bicycle a reflector, or around each of his ankles reflective material visible from the front and rear for a distance of six hundred feet, and reflectors or reflective material, either on said bicycle or on the person of the operator, visible on each side for a distance of six hundred feet, when directly in front of lawful lower beams of headlamps of a motor vehicle. This clause shall not prohibit a bicycle or its operator to be equipped with lights or reflectors in addition to those required by clauses (8) and (9).

(10) No bicycle shall be operated upon a way with handlebars so raised that the operator's hands are above his shoulders while gripping them. Any alteration to extend the fork of a bicycle from the original design and construction of the bicycle manufacturer is prohibited.

(11) The operator of a bicycle shall report any accident involving either personal injury or property damage in excess of one hundred dollars, or both, to the police department in the city or town in which the accident occurred.

Any federal product safety standards relating to bicycles which are more stringent than the requirements of clauses (7) through (10), inclusive, shall supersede said requirements.

Competitive bicycle races may be held on public ways, provided that such races are sponsored by or in cooperation with recognized bicycle organizations and, provided further, that the sponsoring organization shall have obtained the approval of the appropriate police department or departments. Special regulations regarding the movement of bicycles during such races, or in training for races, including, but not limited to, permission to ride abreast, may be established by agreement between the police department and the sponsoring organization.

Violations of any provision of this section except violations of sub clause (iii) of clause (2) shall be punished by a fine of not more than twenty dollars. The parent or guardian of any person under age eighteen shall not authorize or knowingly permit any such person to violate any of the provisions of this section. A bicycle operated by a person under the age of eighteen in violation of this section may be impounded by the police department, or in a town which has no police department, by the selectmen, for a period not to exceed fifteen days. A violation of any provision of this section by a minor under the age of eighteen shall not affect any civil right or liability nor shall such violation be considered a criminal offense.
