

Provincetown's *Little Fix* Program Application

The Little Fix Program Mission: Coordinated by The Provincetown Housing Office and funded with Provincetown Community Preservation Act Funds, The Little Fix will send teams of volunteers to assist homeowners & renters with clean-up, landscaping, and small home repair projects targeting seniors, disabled, and veterans. The goal is to provide small home and landscaping improvements, largely through a volunteer base, to enhance the safety, comfort, and quality of life for seniors, veterans, and the disabled. The residents will be selected based on income, repair needs, and our ability to meet the request. We anticipate our first Little Fix volunteer day will be in September 2014. The deadline to apply for that day is July 31, 2014. Applications after that date may be considered for a future Little Fix program day.

Name: _____

Property Address: _____

Deadline to apply for September *Little Fix*: July 31, 2014

Eligibility:

Homeowners will be chosen based on need, income, repair needs and our ability to meet requests. Once selected, a homeowner will be asked to identify home maintenance projects and repairs that need to be completed. The *Little Fix* program will only be able to address small repairs and maintenance projects. Prior to the event, all homes will be inspected to determine the materials and skills needed to complete all projects. The property must be in Provincetown.
