

Meeting called to order 1:04 PM.

Present: Candace Nagle, Roger Chauvette, Jeff Epstein, Mike Peregou, Bill Meadows

Guests: Daniel Alexander, Clay Schofield

No public comments

Daniel Alexander- Daniel explained his presentation he wants to make to the committee. It will be a preliminary overview of his observations, as the traffic scholar, about the pros and cons of different bike route options between Wellfleet and Provincetown. It will be open to the public, however the goal is to keep it small. Public hearings will come later. Town officials and persons on other boards should be invited. (Conservation Commission, Open Space, Recycling and Renewable Energy). These will be Daniel's ideas and not those of the Bicycle Committee. He will present on May 15th from 1pm to 3pm in the Judge Welsh Room of Town Hall.

Clay gave an update on the shuttle. Hoping to move ahead in June. Contract negotiations have been an issue on who will contract out the shuttle. It will probably start just before July 4 week.

Clay also suggested more communication between Bicycle Committees of Provincetown, Truro and Wellfleet. This will be more important as the Master Plan begins to take shape. It will also help share ideas on things such as the bike brochure and what other towns are working on.
