**1. Discuss the installation of the Expedition: Blue Installation Network posts and panels at Town Landings and other public spaces (Votes May Be Taken)**

Chair Abramson called the meeting as this project was approved during the May 2020 pandemic. Marine Coordinator Rex McKinsey, Cape Cod Chamber Expedition: Blue Outreach Coordinator Bert Jackson and Cape Cod Chamber Executive Director Wendy Northcross spoke to the Board about the project and the idea behind the installation. **Move that the Select Board vote to direct Town staff to remove the Blue Economy Grant Projects signs located at the West End Board Ramp effective immediately and refer this to the Harbor Committee to decide a second location and return to the Select Board with their recommendation.**
