Old Business

Shellfish Constable Report—Stephen gave update on Recreational Shellfish. He does not recommend extending the season on a regular basis. Covid played a big part in the extensions in 2020 and 2021. He does not feel the shellfish area can hold up to the extended seasons.

Signage for commercial aquaculture area and town landings—The subcommittee is working to get the signage finalized and off to the printers. Great progress has been made. New photos were taken at the Breakwater to illustrate the change with the tide. Modifications have been made to the sign for the West End Boat Ramp.
