Laundromat on Race Point Road

Ted Malone spoke about plans for a possible laundromat at his property at 23-43 Race Point Road. Although it is feasible for him to use well water, rather than Town water, for washing clothes, Mr. Malone stated that DEP will not under any circumstances permit on-site wastewater disposal for a laundromat. He therefore indicated that he would be interested in laying his own line directly to the treatment plant and thereby bypassing the collection system. Discussion ensued. Although no motions were made, Mr. Malone was informally advised that, inasmuch as the allotted Phase I gallonage for laundromats had already been awarded through the RFP process, any consideration of an additional laundromat at this time could only be in the context of Phase II planning.
